

Product name: Krux Arm 500

Product code: KRXH007

Here's number five hundred, the heavyweight champion. It's a tried and true construction that will prove useful with the more encumbering equipment and whenever work gets intense. Stable, durable and with great stiffening when needed. Goodbye falling mics – welcome Krux Arm 500.

Mighty as heck

Krux Arm 500 is a powerful microphone stand that looks durable from square one – and doesn't upset afterwards. You can fix it to your desk easily by twisting the base casing. Once you tighten all the knobs, it will bear your chosen device, still looking good and easy all the while. Keep in mind that the payload of the stand depends on the placing and the angle set.

Swift and strong

Each moving part of Krux Arm 500 can be regulated separately. If you tend to move your mic closer or away often, or you need to lift it once in a while, you can keep it on a loosened setting. However, if you need to have it stand still even if the whole desk trembles from rage slams, just tighten it all up, and it's done.

Bodybuilder's grip

The stand's base is slim and narrow, but it grips the surface of the desk like a MMA fighter's hand. The durable mechanism is one thing, but it is aided greatly by a thick layer of rubber material that eliminates all sliding. No matter the surface, no matter the position, Krux Arm 500 stays in place.

Power in the veins

Tangled wires? Never. Krux Arm 500 has been provided with guides that allow you to attach the signal cable along the stand's body. They outclass any setup that hangs loose, which is a total win for a good streaming outlook.

Special tasks set

Krux Arm 500 comes with a set of accessories that help you make use of it. Here you'll find two adapters (3/8" to 5/8" and 3/8" to 1/4") that help you adjust the stand to most mounting threads of microphones, phone holders or camera mounts. The mounting bolt is supplied with a distance gasket, too.

Krux Arm 500 – main features:

- Sturdy aluminium construction
- Easy, fast assembly
- Universal thread adapters
- Holds to secure cables
- Arm clamp with a soft covering to protect the desktop

Krux Arm 500 – technical specifications:

- **Product code:** KRXH007
- **EAN:** 5903018667447

- **Product type:** arm
- **Color:** black
- **Horizontal reach:** 820 mm
- **Vertical reach:** 960 mm
- **Maximum weight supported:** 1000 g
- **Base width:** 55 mm
- **Thread size:** 3/8"; 3/8" – 5/8"; 3/8" – 1/4"
- **Horizontal rotation:** 360°
- **Materials:** aluminum, plastic, steel
- **Warranty:** 24 months

Krux Arm 500 – logistics data:

- **Retail box dimensions:** 945×135×63 mm
- **Weight (net):** 1.100 kg
- **Weight (gross):** 1.570 kg
- **Master carton dimensions:** 340×290×975 mm
- **Master carton weight (gross):** 16.4 kg
- **Product quantity in master carton:** 10 pcs

Set includes:

- 1× Krux Arm 500
- 1× base with clamp
- 1× 3/8" to 5/8" thread adapter
- 1× 3/8" to 1/4" thread adapter
- 1× set of mounting screws
- 1× user and safety manual
