

Product name: Krux Empy
Product code: KRXC017

Krux Empy is a versatile, modern USB microphone that blends impressive sound quality with a distinctive design. Featuring four polar patterns, it's perfectly suited for solo sessions, duo recordings, or even larger group setups. Designed with streamers, podcasters, and content creators in mind, it's the perfect choice for anyone who values both performance and style.

Versatility with 4 polar patterns

The Empy offers four polar patterns — cardioid, omnidirectional, bi-directional, and stereo — that you can switch effortlessly with the press of a button. Whether you're prepping for a podcast, streaming solo, conducting interviews, recording a group or with ambient sound, you can easily adjust the microphone to suit your needs and capture the perfect sound.

Stylish RGB backlighting

The Empy features an illuminated RGB ring around the multifunctional knob, along with LEDs that indicate the current mode of operation. This allows you to personalize the look of your microphone, matching your mood or the aesthetic of your workspace. Thanks to the selectable predefined illumination settings, the Empy becomes a striking accessory that enhances any desk setup.

Full control with a convenient knob

The Empy is equipped with an intuitive knob that lets you easily adjust both the microphone sensitivity and the headphones volume. With precise controls at your fingertips, you can fine-tune your sound on the fly, without the need to pause or dive into settings.

Mute in one move

The touch mute button on the microphone works instantly and silently, offering greater convenience than a physical button. This allows you to maintain full control, even during moments that require an immediate response.

Direct 3.5 mm headphone monitoring

The built-in 3.5 mm headphone jack allows for real-time audio monitoring with zero delay. This essential feature is perfect for streaming, podcasting, and any form of audio production. Simply plug in any headphones for instant, high-quality sound feedback.

Adjustable microphone angle

The Empy features a fully adjustable tilt angle, allowing you to position the microphone perfectly in relation to you and your conversation partners. This ensures optimal comfort and improved sound capture, tailored to the specific recording conditions.

Unique design with fabric trim

The microphone boasts an elegant design, accented with high-quality fabric trim that adds a distinctive touch. It's not just a professional audio device — it's also a stylish decorative piece that complements any workspace or gaming station.

Solid and stable base

The robust, weighty base ensures the microphone stays firmly in place, preventing any accidental tipping — even during heavy use. This provides peace of mind, allowing you to focus on your recording without worrying about stability.

Krux Empy – main features:

- Four polar patterns
- RGB backlighting
- Volume and gain control knob
- Touch mute button
- Real-time 3.5 mm headphone monitoring
- Adjustable tilt for optimal microphone positioning
- Stylish fabric-accented design
- Solid, weighted base

Krux Empy – technical specifications:

- Product code: KRXC017
- EAN: 5903018668062
- Product type: microphone
- Color: black
- RGB backlighting: yes
- Dimensions (L×D×H): 84×84×190 mm
- Microphone weight with stand: 445 g (±3 g)
- Microphone type: condenser
- Polar patterns: cardioid, omnidirectional, bidirectional, stereo
- Sampling frequency: 24 bit / 96 kHz
- Sampling frequency: 20–20 000 Hz
- Pop filter: no
- Gain control: yes
- Headphone volume control: yes
- Mute button: yes
- Headphones output: yes (minijack 3.5 mm)
- Cable length: 2 m
- Connectivity:
 - USB-C
- Compatibility:
 - Windows
 - macOS
 - PS4
 - PS5
 - Android
 - iOS
- Software: no
- Warranty: 24 months

Krux Empy – logistics data:

- Retail box dimensions: 117×100×224 mm
- Weight (net): 442 g
- Weight (gross): 0.67 kg
- Master carton dimensions: 520×260×245 mm
- Master carton weight (gross): 7.30 kg
- Product quantity in master carton: 10 pcs

Set includes:

- 1× Krux Emphy microphone
- 1× USB-C cable with USB-A adapter
- 1× User manual
