

Product name: Krux Atron White

Product code: KRXD018

Krux Atron White is a spacious PC case with a panoramic tempered glass design on the front and side. The white finish, combined with a wide view of the components, lets you showcase your build and ARGB lighting. Pre-installed fans and ample space for components make it easy to create a powerful and visually striking setup for a variety of uses.

Panoramic view of your PC interior

The Atron White case features tempered glass panels on both the side and front, creating a panoramic view of your system—like an electronic aquarium. It lets you fully showcase your graphics card, motherboard, and illuminated components. Right out of the box, you get ARGB fans and an ARGB LED strip surrounding the base of the case. Whether you go for a more subtle build or lean into a bold, neon-lit setup with additional lighting elements is entirely up to you.

Efficient cooling with four fans

The case comes with four pre-installed fans. Three Krux Reverse 120 mm PWM ARGB units mounted at the front side draw cool air into the case, while a rear Krux 120 mm PWM ARGB fan exhausts warm air out. This setup supports proper airflow circulation and helps maintain stable component temperatures. The case also features dust filters on the top and bottom, which can be easily removed for cleaning. If you need even more airflow, the Atron White supports up to 10 fans in total.

PWM and ARGB splitter

The case includes a splitter that supports both PWM signal and ARGB lighting for up to eight devices. The pre-installed fans and ARGB LED strip are already connected, so once your build is complete, you simply plug the splitter into the appropriate headers on your motherboard. This solution simplifies installation and helps keep your PC's internal cabling clean and organized.

Spacious interior for high-performance components

Atron White offers plenty of room for modern hardware. It supports ATX, microATX, and Mini-ITX motherboards, graphics cards up to 420 mm, two 2.5" drives (or one 2.5" and one 3.5"), CPU air coolers up to 165 mm in height, and power supplies up to 250 mm in length. The design also supports up to 360 mm AiO radiators and allows for up to 10 fans, making it easy to tailor the cooling setup to your build.

Dedicated PSU chamber

In the Atron White, the power supply is housed in a separate chamber behind the motherboard tray. This layout helps conceal cables and power components, improving the overall aesthetics and making cable management easier. As a result, the main space within the panoramic glass enclosure stays clean and focused on showcasing your components without visible wiring.

I/O panel with USB-C

The I/O panel on the Krux Atron White includes a set of ports for everyday convenience. You get USB-C 2.0, USB-A 3.0, USB-A 2.0, and a 3.5 mm audio jack

for headphones or speakers. Power and reset buttons are also within easy reach, so essential controls are always at hand.

Krux Atron White – main features:

- Striking design with panoramic tempered glass
- ARGB-lit fans and an ARGB LED strip along the bottom of the case
- Four Krux 120 mm PWM ARGB fans included
- PWM and ARGB splitter
- Airflow-focused design with dust filters
- Support for 120 mm, 240 mm, 280 mm, and 360 mm radiators
- Dedicated PSU chamber behind the motherboard tray
- Compatible with ATX, microATX, and Mini-ITX motherboards
- Easy-access I/O panel with USB-C 2.0 and USB 3.0

Krux Atron White – technical specifications:

- Product code: KRXD018
- EAN: 5903018669250
- Product type: PC case
- Color: white
- Dimensions (H×W×L): 442×280×445 mm
- Motherboard form factor: ATX, microATX, Mini-ITX
- Graphics card clearance (GPU): 420 mm
- CPU cooler clearance: 165 mm
- Power supply clearance (PSU): 250 mm
- Expansion slots: 8
- Number of bays:
 - internal:
 - 1× 2.5"/3.5"
 - 1× 3.5"
- Cooling system:
 - Maximum number of fans: 10
 - Number of fans included: 4
 - Side: 3× Krux Reverse 120 mm PWM ARGB fan
 - Rear: 1× Krux 120 mm PWM ARGB fan
- Radiator compatibility:
 - Side: 1× 240 / 360 mm
 - Top: 1× 240 mm / 280 mm / 360 mm
 - Rear: 1× 120 mm
- Dust filters:
 - Top
 - Bottom
- Tempered glass panel:
 - Side
 - Front
- I/O panel:
 - 1× USB-A 3.0
 - 1× USB-A 2.0
 - 1× USB-C 2.0
 - 1× headphones (minijack 3.5 mm)
 - 1× POWER button
 - 1× RESET button

- Warranty: 24 months

Krux Atron White – logistics data:

- Retail box dimensions: 490×337×494 mm
- Weight (net): 7.50 kg
- Weight (gross): 8.88 kg

Set includes:

- 1× Krux Atron White case
- 3× Pre-installed Krux Reverse 120 mm PWM ARGB fan
- 1× Pre-installed Krux 120 mm PWM ARGB fan
- 1× Pre-installed ARGB PWM splitter
- 1× Installation kit
- 1× User manual
